CFCU COMMUNITY CREDIT UNION
QUARTERLY NEWSLETTER

Spring 2021

We're so thankful for our wonderful staff!

It's now been a full year since we've had to pivot and transform how we serve our members and we wanted to take a moment to thank our amazing staff. Team CFCU has shown creativity, team spirit, and resiliency through so many unexpected moments at work, in the community, and personally.

We are truly proud of how much compassion and support each CFCU team member gave to our members and each other. This year has been tough in many ways, but hope springs eternal and we feel so grateful for each other and the optimism we share. We look forward to new beginnings and the transformation that comes with the beauty of Spring.

CFCU Insurance Services

Driving less because of COVID? Lower your insurance rates in 5 minutes.

When you sign up for insurance, a lot of factors affect your rate. One of those factors is mileage. The less you drive, the less you pay because your risk of getting into an accident is lower.

With nationwide closures and work-from-home mandates due to COVID, you may not be driving as much as you were when your auto policy was last renewed. Many insurance companies are lowering rates right now because of this, and if yours hasn't, it might be time to find a new policy.

CFCU Insurance Services works with more than 40+ insurance companies, and many of them are lowering rates right now due to COVID.

Give one of our agents a call at **844-835-7646** and tell us about your current driving habits. We'll evaluate the insurance companies we work with and give you a fast quote for the best available rates. You may be able to save hundreds of dollars this year! And there's no obligation to switch. If you just want to shop around, that's okay with us.

* Insurance products available are not insured by NCUA or any Federal Government Agency; are not a deposit of, or guaranteed by Your Credit Union or any Bank Affiliate; and may lose value. Any insurance required as a condition of the extension of credit by Your Credit Union need not be purchased from our Agency but may, without affecting the approval of the application for an extension of credit, be purchased from an agent or insurance company of the customer's choice.
